

GROW 30 PLANTS IN 2 SQ. FT
Designed to grow the highest density of plants in your home, our unique Hydroponic technology means no dirt, no mess.

AI-BASED GROWTH OPTIMIZATION
Kelby looks after your Gardyn 24/7 through cameras and sensors to give personalized growing tips. It's like having a master gardener in your back pocket.

BETTER FOR THE PLANET
Uniquely designed so each plant has its own reservoir to drink from, saving 95% of water compared to traditional gardening.

BETTER FOR YOU
Independent laboratory testing found that Gardyn-grown lettuce averages over 50% more vitamin and mineral content compared to similar grocery-store varieties.
